### DETAILED ACTION

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 1-17 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Kitagawa et al, Japanese 2002069288 A.

Reference to Kitagawa et al as seen in the abstracts (Equivalent-Abstracts) teaches the combination of components required by applicants' claims for the same use as an adhesive. The component B of the reference and the component C, when it is a polyether or polyester are equivalent to A and B of the claims and are taught in overlapping proportions. The claimed compositions are, therefore, either anticipated or rendered prima facie obvious to one of ordinary skill in the art. The properties for the components are reasonably presumed the same since they are the same chemical entities being used for the same purpose, absent evidence to the contrary, In re Fitzgerald Et Al, 205 USPQ 594.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

Art Unit: 1796

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
